SENATOR GORMAN YIELDS TO DEATH

Was Improving When He Was Stricken by Heart Disease.

SERVED IN SENATE FOR 18 YEARS

Senator Gorman Had Long Been a Notable Figure in the National Congress—Managed Campaign of Cleveland in 1884.

Washington, June 5.—Arthur Pue Gorman, United States senator from Maryland, died suddenly at his residence in thiscity at 9:05 o'clock on Monday morning. While Senator Gorman had been ill for many months, he had shown some improvement lately. Heart trouble was the immediate cause of death.

Senator Gorman long had been a notable figure in the national congress. He first toow his seat in 1881, and served continusously for 18 years, and nearly all that time he was the leader of his party in the senate. Winning early reputation for sagacity and the

SENATOR A. P. GORMAN.

keenest judgment in congressional affairs, he attained prominence, not only as a leader in the senate, but in the country at large and by many men was considered the most available man in his party for the presidency. He was chairman of the executive committee and managed the campaign that resulted in the election of Cleveland in 1884.

The most notable contest of his congressional career and one which attracted to him wider attention than anything else, was when he led the senate minority in 1890-91 and defeated the federal elections bill. To his sagacious leadership and adroit management his party friends attributed the defeat of the measure which was so obnoxious to the south.

When the democrats had control of the senate, Gorman was the recognized leader of that body. It was at that time that the tariff bill of 1894 was passed, and although the Maryland senator was not a member of the finance committee, he had as much to do with shaping that measure that his name is often given to it and in fact it is frequently called the Wilson-Gorman tariff. It was during Cleveland's last administration that a break occurred between the Democratic president and the leader of the party in senate. In a speech which always will be remembered by those who heard it, Senator Gorman severely arraigned the president. To this opposition the defeat of Senator Gorman a few years later is attributed, although his party lost Maryland in the silver campaign. As soon as the democrats regained control of the state he was at once reelected to the senate.

It was a tribute to his lead rebuke that as soon as he was again in the senate he was made leader of the democrats and although [illegible] is strictly enforced, Gorman was given committee places that were equal to those he had held after long continuous service.

Senator Gorman was [illegible] opposed to the acquisition [illegible] Philippines, and fought the ratification of the Paris treaty with all the force he possessed. Knowing that strong pressure was being brought to bear upon him, he urged an early vote while the friends of the treaty [illegible] until the necessary two-thirds of the senators were secured. Condemning extravagance in public expenditures Senator Gorman's pleas for economy voiced the views of his party that less money should be spent for big ships and more for river and harbor improvements.

VOLIVA WILL REMAIN IN ZION.

Despite Any Action Dowie May Bring Against Him.

Chicago, June 5.—Overseer W. G. Voliva, at Zion City, yesterday announced he would stay in Zion despite any opposition John Alexander Dowie might exert against him through the federal courts.

Five thousand persons in the tabernacle by a rising vote, signified their intention of remaining there also.

Monday the Zion business council took steps to incorporate several industries which will be started in the town before winter. Outside capital will be invited to invest in the enterprises which include a factory for the manufacture of fire escapes.

Other industries planned are the reopening of the abandoned piano factory and necktie, furniture, artificial building block and office supply factories.

Dowie preached to forty of his followers Sunday in his apartments at the Virginia hotel. Deacon John A. Lewis said the "apostle's" health was good.

Editor Changes Front.

St. Petersburg, June 5—Prince Mesthersky, editor of the Grasrdanin, who before the assembling of parliament, was constantly assailing the autocracy and bureaucracy has now completely changed front and maintains that the lower house, unless the cooler and more moderate heads stop the present tendency, is destined to become a purely revolutionary body. He calls on President Mouromtzeff to declare whether he desires to be a pugatcheff, who led the famous peasant uprising of 1775, or a Minin, the cattle dealer country from anarchy during the interof Nizhnovogorod, who saved the country from anarchy during the interim preceding the establishment of the Romanoffs. The emperor has received a peculiar dispatch from the Black Hundred organization of Yekaterinodar, asking him to impose a censorship on the treasonable speeches of members of the lower house of parliament. White Monday was observed as a general holiday throughout Russia.

ARMED GUARDS SHOT DOWN BY MINERS

Five Hunderd Shots Were Fired ...Several Men Wounded.

MINERS WERE ALL FOREIGNERS

Sheriff Has Wired for Soldiers To Be Immediately Ordered to the Scene of the Shooting Near Steubenville, in the State of Ohio.

Steubenville, O., June 5.—The armed guard on duty at the mines of the U. S. coal company were [illegible] by striking miners about [illegible] o'clock Monday morning while marching over the hills from Glenn's Run to Coal Hollow. About 500 shots were fired, and four persons were wounded, but as far as known, no one was killed.

The miners were all foreigners.

Shortly after midnight 60 armed men started over the hills from Glenn's Run for Coal Hollow.

The strikers who were incensed over an assault on one of their number, gathered at a point about midway between the two mines. There were 250 men all armed, and they secreted themselves behind trees and rocks along the hillsides.

The guard was in single file, and as the advance came in view, one of the strikers fired into the air. This was the signal and following it there was a perfect fusillade from the concealed men.

Many of the guards broke and ran back to the Glenn's Run, but a number stood their ground and returned the fire.

It is said at least 500 shots were exchanged. The guard was finally routed and forced to seek shelter, leaving two hundred on the field.

Two miners were also injured in the battle. It is said the miners were officered by former soldiers from the Polish and Austrian armies. It has been decided to call on the governor in person for troops.

There was another conflict between striking miners and guards at Pipe Run during the night. About 75 shots were exchanged and T. E. Young, manager of the mines, was slightly wounded. Nobody else is said was hurt.

Columbus, O., June 5—Sheriff Voorhees of Jefferson county, has wired here for 15 soldiers to be ordered immediately to the scene of the shooting near Steubenville. A bulletin from Steubenville says that 500 shots were fired by the striking miners on the one side and the armed mine guards on the other. No one was killed.

TERM IN PEN FOR JIM YEATES.

Slayer of Marshal Freeman Convicted of Manslaughter.

Bainbridge, Ga., June 5.—The jury in the trial of Jim Yeates, charged with the murder of Marshal Freeman, of Donalsonville, returned a verdict of guilty of voluntary manslaughter and the prisoner was immediately sentenced by Judge Spencer to ten years in the penitentiary.

Defendant's counsel have made a motion for a new trial. The Yeates trial was interesting throughout from the fact that the prisoner had been a fugitive from justice for five years and voluntarily surrendered last week during the session of the superior court, demanding immediate trial.

Yeates killed Marshal Freeman and wounded his assistant, while they were attempting to arrest him. The contention of the defense was that the act was justifiable inasmuch as Yeates had offered to stand bond for some trivial city offense and that the officers refused same and had sworn to kill him if he did not stay away from Donalsonville. Yeates further contended that he was shot at first on the fatal morning of the attempted arrest.

An interesting feature of the trial was the attempt to get Yeates to reveal his whereabouts for the past five years, which he steadfastly refused to do. Yeates' bond has been assessed at $5,000 while the motion for a new trial is pending, and he will probably make the same.

C., June 5.—Harvey and Jake McFall of Lowndes county, Georgia and Will Quiett had a fight at Rhodo, five miles east of here, resulting in Jake McFall being killed by Quiett and Quiett being seriously but not dangerously cut. So die all traitors."

The doomed men met death without fear and with cries of "To with government! Away with Mexico!"

CARD FOR MR. RIVERS.

Clerk S. H. Wienges Tells Why People Should Vote For Him.

To My Friends: Alachua county should see that her own son receives her support for State attorney on the 12th inst. It is to our own personal interest to have a man who lives here fill this office, and I believe that Mr. Rivers will make an honest, upright conscientious prosecuting attorney, and that he will discharge his duty without fear or favor. I do hope that our people will lay aside any personal feelings they may have in this matter and vote for him. As deputy clerk of the circuit court for about seven years, and as clerk for nearly two years, I can truthfully say that I have always found Mr. Rivers honest and square in the transaction of any and all business that has come to my attention in this office, and from my knowledge of him as a man, a citizen and a lawyer, I bear witness to his good character and integrity. What he is and what he has he has made himself by hard work and self-denial. He has held public office as prosecuting attorney for our county court, before its abolition, and he has represented this county in the Legislature, and if there is any act or misconduct on his part while in the discharge of his duties in these positions, I have failed to hear of it.

Lay aside factional differences and vote for your own county man, especially when he is the equal of any competitor against him. Alachua county ought to give him a majority of not less than five hundred votes. I appeal to my friends to do me the kindness to vote for J. M. Rivers.

Respectfully,
S. H. WIENGES.

Notice.

To All Executors, Administrators, Guardians, &c: The laws of this State require all such persons to make and file with the County Judge a full report, or annual settlement, on or before the first day of June of each and every year, which should embrace all their receipts and disbursements of their respective trusts. Quite a number of such Executors, Administrators and Guardians have failed so far to file such reports, and I take this method of calling their attention to this duty, and will extend the time for receiving such reports until the end of June. Hoping all delinquents will see to it that their reports are handed in before the time expires. Respectfully,

H. G. MASON, County Judge

The Eucalyptus Tree.

When the world's supply of coal is exhausted, which is not a matter for immediate worry, the eucalyptus tree may be grown as a substitute. This eucalyptus stores up more of the sun's energy than any other tree (1 per cent of that reflected on the unit of area), and in South Africa it has been found cheaper to raise it than to import coal. An acre of eucalyptus plantation will produce each year the equivalent of thirty tons of coal.

NEWS OF CITY AND COUNTY CONDENSED

The friends of Lee Graham, who was compelled to undergo an operation for appendecitis at the Odd Fellows' Sanitarium on Monday afternoon, will be pleased at the information that the same was successful, and the patient is resting easy. It will not be a great while before Mr. Graham will be enabled to resume his duties at the First National Bank, if improvement continues as now indicated.

Captain W. E. Bell, member of the firm of Wade & Bell, extensive railroad contractors, was in the city yesterday, having been summoned from Trenton on business. This firm has the contract for the extension of the Jacksonville and Southwestern division of the Atlantic Coast Line west of Newberry, and have reached the Suwanee river. A regular schedule has not yet been inaugurated, however, west of Newberry.

A CLEVER ENTERTAINMENT.

Quartette from State School for Deaf and Blind Were Here.

One of the most novel, as well as most enjoyable entertainments of the kind ever seen in Gainesville, was the musical and literary entertainment given by the quartette from the State School for Blind and Deaf, which was the attraction at the auditorium of the University High School Tuesday night.

The program comprised sixteen numbers of a vocal and instrumental musical nature, interspersed with recitations.

The entertainment was under direction of Prof. R. L. Parks, musical director, who is himself blind, but the manner in which the performers handled the work assigned them showed excellent training, and also demonstrated that Prof. Parks is a musician of ability.

The entertainment was thoroughly appreciated by those present.

Card From W. C. T. U.

Editor Sun: A report is being circulated to the effect that the Gainesville W. C. T. U. have endorsed the Hon. B. P. Calhoun for State attorney. This we deny, as we are not in politics any further than the principles of the W. C. T. U. are involved. As you know, the Woman's Christian Temperance Union is a factor in State campaigns only for statutory prohibition, constitutional amendments, reform law in general and those for the protection of women and children in particular, and in securing anti-gambling and anti-cigarette laws.

A Happy Marriage.

There was a happy marriage at Grove Park a few days ago, when Miss Laura Roberts, the charming daughter of Mr. and Mrs. D. E. Roberts, was united in the holy bonds of wedlock to L. W. Parrish. The groom is a noble young man, while the bride is popular among a large circle of friends. It is the wish of The Sun and other friends that all their troubles, if any, may be little ones.

MEETING OF COUNCIL.

Large Number of Bills Were Paid, and Three Ordinances Passed.

The regular monthly meeting of the City Council was held Monday evening, at which the regular routine of business was dispatched, including the payment of an extraordinary large number of bills.

On Tuesday afternoon the council again met and passed three ordinances, as follows:

An ordinance providing for the laying of granolithic sidewalks on East Liberty street and Alachua avenue.

An ordinance regulating the width of all sidewalks to be laid within city limits.

An ordinance amending the charter in regard to the publication of ordinances.

In the Mayor's Court.

Mayor Thomas held a little matinee Tuesday morning, at which three offenders of the law, charged with disorderly conduct and fighting, were arraigned.

George Alderman insisted on a bout with Chief McLendon, with the result that he was required to pay a fine of $2 50 and costs.

Sam Miller and Henry Hamilton were also arraigned upon a charge of fighting. These dusky sons of Ham became engaged in an altercation over an alleged bill which one owed the other, and nothing would do but they must fight it out on the public streets. They were making right fair progress, and had attracted a good crowd, when an officer arrived upon the scene and put a sudden end to the contest for physical supremacy.

Miller and Hamilton were compelled to tell their troubles to the court, after which they were fined $5 each and costs.

Death of Mrs. Williamson.

Information reached this city Tuesday of the death of Mrs. J. Carl Williamson, which sad event occurred at her home in Ocaard, Ala., after a brief illness.

Deceased was formerly Miss Jamie Stringfellow of Hawthorn, and was well known and popular throughout that section of the county especially. A sad feature of her death was the fact that she had been married but a few months.

The Sun, with other friends extends sincere sympathy to the bereaved family and relatives.

It could not be ascertained, but it is supposed that the remains will be brought to Hawthorn for interment.

Stimulation Without Irritation.

In case of stomach and liver trouble the proper treatment is to stimulate these organs without irritating them. Orino Laxative Fruit Syrup aids digestion and stimulates the liver and bowels without irritating these organs like pills or ordinary cathartics. It does not nauseate or gripe and is mild and pleasant to take. J. W. McCollum & Co.

SMALLBONES—WELLS.

Marriage of Two Popular Young People on Tuesday Evening.

The marriage of Miss Ellen Wells of this city and Mr. Harry G. Smallbones of Wilmington, N. C., was solemnized last evening at 8 o'clock at the residence of the bride's parents, Mr. and Mrs. Jno. E. Wells, Rev. Thos. P. Hay of the First Presbyterian Church officiating. Only the immediate members of the family and J. Marion James were present.

Miss Wells is a charming young woman, whose many friends in this city regret that her future home will not be in Gainesville.

Mr. Smallbones is a member of one of the most prominent families of Wilmington, where he holds a responsible position with the Clyde Steamship Company.

Mr. and Mrs. Smallbones will be at home, after July 1st, at 107 Walnut street, Wilmington, N. C.

A HAPPY MARRIAGE.

Anderson Keller and Miss Alma Tillman Made Man and Wife.

A pretty wedding was solemnized at the home of Mr. and Mrs. Frank Tillman Sunday morning, June 3rd, at 10 o'clock, in which Miss Alma Tillman and Mr. Anderson Keller were made man and wife, Justice Lampkin performing the ceremony in a very impressive manner.

Miss Nellie Kite, Mr. Wiley Tillman, Miss Lizzie Tillman and Mr. Charlie Ormand were attendants.

There was a large crowd to witness the ceremony. The bride is one of Earleton's lovable and most popular young ladies. The groom is a popular and trusted employe of the Yearwood saw mill.

They have a host of friends who join in wishing them a life of happiness and prosperity.

Following the Flag.

When our soldiers went to Cuba and the Philippines, health was the most important consideration. Willis T. Morgan, retired Commissary Sergeant, U. S. A., of Rural Route No. 1, Concord, N. H., says: "I was two years in Cuba and two years in the Philippines, and being subject to colds, I took Dr. King's New Discovery for Consumption, which kept me in perfect health. And now, in New Hampshire, we find it the best medicine in the world for coughs, colds, bronchial troubles and all lung diseases. Guaranteed at all druggists'. Price 50c and $1. Trial bottle free.

The farmers and the workingman have received no encouragement from this Republican Congress, unless the free alcohol bill, which has been championed by the Prohibitionists, is considered by the Republicans a sop to the grangers.

The Clay County Times wisely deprecates the custom of publishing cards of thanks for the sympathetic ministrations of friends in times of bereavement, urging as a reason that "when sickness and death comes to your home it is only natural that your friends and neighbors do what they can to assist you; they would be heathens if they did not."

If all the Republican Senators were like Mr. Fulton of Oregon the country would escape unnumbered evils. "I have looked over Senator Fulton's record in Congress," said Mr. Rayner the other day, "and I find that he never offered anything of any sort at any time." Being the only Republican member of Congress from Oregon in either house who has escaped indictment for land frauds, may account for his modesty.

Hon. A. S. Mann, president of the State Good Roads Association, is still "pegging away," to use the old shoemaker's expression, and the good roads advocates from one end of this great State to the other are indebted to his energy in keeping the pot boiling. Col. Mann is as enthusiastic over this work as it is possible to be, with the result that he is constantly making some effort to secure hard roads in every section of the State. Florida needs a few more Manns.

William R. Hearst is evidently provoked at the manner in which he has been treated at the hands of Democracy, notwithstanding that he is now in Congress by the votes of the Democratic people of his State. He appears likewise disgusted with the Republican party, and announcement has been made from New York that he will proclaim himself a candidate for Governor on an independent platform, which he believes will be a winner.

The teachers' summer normal for both sexes will begin its term on the 11th inst. in the State College at Tallahassee. This school, as well as the normal which will begin here on the 12th inst., is provided for by a law enacted by the Florida Legislature in 1905. No tuition will be charged, and board has been arranged for at very reasonable rates. The best talent that could be secured in the State has been assigned to duty as instructors in each school. The terms will last six weeks.

The Burleson cotton leak bill has been killed by the Republicans of the House. The bill proposed to make it a crime for any employe of the Government or member of Congress to give out advance information on the official reports of the executive departments. It was designed primarily to cure the abuses growing out of the giving of "inside information" on cotton reports, but applied to all similar cases. It was unpopular in Congress because many Republicans get large profits from such practices. There will be no effective legislation against graft and roguery until there is a change in the political complexion of Congress.

A GOOD SYSTEM.

The Sun is criticised for advocating the abolition of the grand jury. We expected it. Some people never heard of a person being tried without a grand jury returning an indictment, which shows their ignorance. But we will enlighten them. Take for instance when there was a county court in existence in this county, were not the cases tried in that court upon the filing of information by the county attorney? And in the several counties of the State having criminal courts of record, which said courts have jurisdiction of all criminal cases where capital punishment is not involved, the same course is pursued.

If there had been a criminal court of record in Alachua county the county attorney would have filed information against J. N. Strobhar, and he would have been tried by a jury of his peers. This method is as fair to the accused as for the grand jury to hear only the evidence against him, and would save the taxpayers of the State hundreds of thousands of dollars. It works satisfactory in county courts and criminal courts of record, and there is no reason why the same method should not work equally as well in the circuit courts.

THE COUNTRY CLUB.

The Sun is glad to note the interest being manifested by our people in the matter of organizing a country club, and that arrangements have so far advanced that the venture is now what might be construed a certainty.

This organization will be composed of a number of the best and wealthiest citizens of the city, which is an assurance that the proposed improvements will be made, and Gainesville be connected with beautiful Newnan's lake by a magnificent hard road.

It is the purpose of the Country Club to erect a fine club house on the shore of the lake, at a cost of about $2,000. Golf links, tennis courts, polo grounds, etc., will be constructed, and to those who prefer indoor sport, bowling alleys and billiard tables will be at their disposal.

The committee, it is understood, has been appointed with instruction to proceed with the construction of the hard road at once. This will prove a big advantage, affording an excellent driveway for a distance of about six miles.

Success to the Country Club and its enterprising membership.

Walter Taylor, who assaulted General Lamar in the latter's office in Tallahassee and was sentenced to five years in the penitentiary, was on Monday granted a conditional pardon. Charges of fraud against Taylor in the primary in which General Lamar was a candidate for Congress caused the assault. Taylor had a wife and several small children dependent upon him for support, and just before he was sent to the penitentiary over one hundred ladies appealed in person to the Pardoning Board for mercy to the man, but the Board turned a deaf ear to their appeal. General Lamar was then appealed to to ask for mercy, but he refused to do so. If ever there was a case in which a pardon should have been granted it was that of Walter Taylor.

John Spencer Bassett, Ph. D., professor of history in a North Carolina college for several years, resigned to accept a similar position at Smith College, Northampton, Mass. Some time ago Dr. Bassett wrote a magazine article asserting that, with the exception of Robert E. Lee, Booker Washington was the greatest man the South has produced in a hundred years. The South can easily afford to give this distinguished Ph. D. up, if, as a Southerner, he places this light of his opinion into print.

Beware of Ointments for Catarrh that Contain Mercury.

as mercury will surely destroy the sense of small and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surface of the system. FINE WESTERN HUMOR.

There will be a State and Congressional election in Oregon this month, and the great Republican organ of that State, The Oregonian, fearing the effect of recent events upon the public mind, is pleading desperately and humorously for loyalty to Roosevelt. "For Oregon to desert the President now," it proclaims, "would be as base as for a regiment to desert its commander when the fate of a battle hangs in doubt. It is all-important at this moment to convince the plutocratic enemies of the President that the country is with him heart and soul."

How can the country be with Roosevelt until it finds out where Roosevelt is? The last we heard of him he was with Aldrich, the representative of the oil trust and the railroad combines. A short time ago he was with the Democrats on the rate question, with the revolutionists on the tariff question, and with the socialists on the question of confiscation of private property. Where is Teddy now?

The death of Senator Gorman of Maryland is deplored throughout the country, but especially in the South. He rose from page in the U. S. Senate to a member of that body, and was for years the recognized leader of the Democrats.

Several Are Reported Killed.

Newcastle, Pa., June 5.—[Pittsburg and Lake Erie trainman have just brought in word of an explosion at the powder mill located at Hillsville, about 10 miles west of here. A number of men are said to have been killed and injured. The explosion occurred shortly before 10 o'clock Monday. Another report received at 11 o'clock says that no one was hurt.

Woman Found Murdered.

Little Rock, June 5.—Mrs. Charlotte Leethem, proprietress of a boarding house, was found murdered in her room Monday. The body lay on the floor with several deep knife cuts in the breast. A bloody coat and a man's hat which had been slashed with a knife or razor, were found in the room. The coroner's jury is investigating the crime.

WORMS

"I had for years suffered from what medical men called Dyspepsia and Catarrh of the Stomach. In August I purchased a box of Cascarets and was surprised to find that I "had 'em"—yes—a wiggling, squirming mass left me. Judge our doctor's surprise when I showed him thirty feet, and in another day the remainder about the same length of a tapeworm that had been sapping my vitality for years. I have enjoyed the best of health ever since. I trust this testimonial will appeal to other sufferers."

WILLEFORD NOTES.

Interesting Budget of News From That Live West End Town.

Willeford, June 4.—Our school opened here last Monday with full enrollment, with Miss Mary Hague at the helm. After considering the brightness of our pupils, our school's financial condition and Miss Hague's ability as a teacher, we are anticipating one of the most successful terms in its history.

John R. Thomas had the misfortune of losing a very valuable mule while he was attending court in Gainesville.

Roy Morningstar, former bookkeeper for the Standard Cypress Company, left here Monday for Grand Rapids, Mich., where he will spend the summer. Mrs. Jane Clemmons has filled his vacancy.

Our beloved postmaster, Mr. John R. Thomas, has resigned his position in favor of Miss Lillie Flowers, and the office has been moved just across the street into B. L. Flowers' store. While we hated to give Mr. Thomas up, we wish Miss Flowers much success.

John E. Osteen has resigned his position at Tyler, and has accepted a position with the Flowers' Manufacturing Company at Thompson City, a short distance from Willeford. Mr. Osteen is a wide-awake young man and his many friends wish him much success.

We are glad to know that we can snap our fingers at starvation, now, as the woods are just full of berries around here. If you want to get on a broad smile and show your pretty blue teeth just come over to our hustling little town and take dinner.

Little Miss Thelma Flowers, who has been visiting her grandmother at LaCrosse, came back Tuesday, and was given a hearty welcome at school again by both teacher and schoolmates.

Dr. L. J. Studstill, formerly of Newberry, has located here, and we all extend to him a hearty welcome.

W. C. Maxwell of Jacksonville has moved here and gone into the tie business.

John Berry of LaCrosse is selling groceries for the Standard Cypress Company.

We would like to inform our many friends that we are in the West End, but we are coming to the front and you will hear from us again if this should be so lucky as to miss the waste basket.

Cured of Bright's Disease.

Geo. A. Sherman, Lisbon Red Mills, Lawrence Co., N. Y., writes: "I had kidney disease for many years and had been treated by physicians for twelve years; had taken a well known kidney medicine and other remedies that were recommended, but got no relief until I began using Foley's Kidney Cure. The first half bottle relieved me and four bottles have cured me of this terrible disease. Before I began taking Foley's Kidney Cure I had to make water about every fifteen minutes, day and night, and passed a brick-dust substance, and sometimes a slimy substance. I believe I would have died if I had not taken Foley's Kidney Cure." J. W. McCollum & Co.

Shoots Escort; Then Suicides.

Christopher, Ills., June 5.—Roy Veach, returning from a buggy ride with Stella Dial Sunday night, was shot twice through the head by Reuben Stewart, who then attempted to shoot the girl. She fled and Stewart turned the weapon on himself. Veach was instantly killed. Stewart lived for a half hour after being shot. Stewart had been courting Miss Dial.

May Get Kniting Mill.

Villa Rica, June 5.—It is reported that Villa Rica will soon have a knitting mill. Mr. W. B. Candler, Sr., is active in the enterprise of this new industry and will make a trip to Philadelphia in the near future to arrange for the machinery.

CLEANLY WOMAN.

Erroneously Thinks by Scouring Her Scalp That She Cures Dandruff.

Every woman has an erroneous idea that scouring the scalp which removes the dandruff scales, she is curing dandruff. She may wash her scalp every day, and yet have dandruff, her hair accompanied by itching. The only way in the world to cure dandruff is to kill the dandruff germ. There is no hair preparation that will do this but Newbro's Herpicide. It does it by killing the dandruff germ, leaves the hair free to grow as nature intended. Scripps Will Probated.

Detroit, Mich., June 5.—The will of the late James E. Scripps, publisher of the Detroit News, was filed for probate Monday. It makes no mention whatever of the size of the estate, the entire control of which is left in the hands of Mr. Scripps' son, William E. Scripps, and his son's-in-law, Geo. G. Booth and Edgar P. Whitcomb, as trustees. Mr. Scripps provided that $50,000 should be used for the improvement and beautifying of the city which, in the opinion of the trustees, would have met the approval of Mrs. Scripps was advanced. Mr. Scripps left to all employes of the Detroit News who have been continuously employed for 15 years, three weeks' salary and to those of ten years' employment, two weeks' salary.

Airship Plunges from Clouds.

Cleveland, O., June 5.—While making a trial flight with his airship at an amusement resort here, Lincoln Beachey, the young San Franciscan, narrowly escaped death by the collapsing of the frame work of the car. The airship was 500 feet in the air when the accident occurred, and the daring young navigator was saved from being dashed to the ground only by the narrowest margin. He managed to guide the airship until only 50 feet above the ground, and although he fell that distance, he escaped uninjured except for a few bruises. The airship was partly wrecked.

A Thousand Dollar's Worth of Good.

"I have been afflicted with kidney and bladder trouble for years, passing gravel or stones with excruciating pain," says A. H. Thurnes, a well known coal operator of Buffalo, O. "I got no relief from medicine until I began taking Foley's Kidney Cure; then the result was surprising. A few doses started the brick-dust-like substance and now I have no pain across my kidneys and I feel like a new man. It has done me $1,000 worth of good." Foley's Kidney Cure will cure every form of kidney or bladder disease. J. W. McCollum & Co.

Divorce For Organist Eddy.

Topeka, Kan., June 5.—Clarence Eddy, the well known organist, who is in Topeka has announced that he had been granted an unconditional decree of divorce from his wife, who is now living in Paris. The decree was granted at Pierre, S. D., on May 10th, on the ground of desertion. The divorce was originally filed in Chicago eight months ago, but was afterwards withdrawn. The couple were married in Chicago in 1879.

Don't!

Don't let your child suffer with that cough when you can cure it with Ballard's Horehound Syrup, a sure cure for coughs, bronchitis, influenza, croup and pulmonary diseases. Buy a bottle and try it. B. B. Laughter, Byhalia, Miss., writes: "I have two children who had croup. I tried many different remedies, but I must say your Horehound Syrup is the best croup and cough medicine I ever used." Sold by W. M. Johnson.

Corner Stone Laid.

New York, June 5.—The corner stone of the Garibaldi Pantheon, which is to commemorate the stay of the Italian liberator at Concord, R. I., was laid Sunday. The corner stone is of marble, but the building is to be largely of brick, and will inclose the little 70-year-old frame house where Garibaldi lived. Thirty Italian societies were present at the ceremonies.

Will Cure Consumption.

A. A. Herren, Finch, Ark., writes: "Foley's Honey and Tar is the best preparation for coughs, colds and lung trouble. I know that it has cured consumption in the first stages." You never heard of anyone using Foley's Honey and Tar and not being satisfied. J. W. McCollum & Co.

PULPIT HOURGLASSES.

At One Time Used to Time Sermons in English Churches.

It was after the reformation, when long sermons came much into fashion in England, that pulpit hourglasses were introduced. The pulpits had become a very "drumecclesiastic," and in the middle of the seventeenth century Puritan preachers held forth for two hours and more to drowsy hearers.

To remedy this abuse hourglasses were fixed upon the pulpits, and we read of a preacher in 1623 who was "attended by a man who brought after him his book and hour glass." Some churches were also provided with half hour glasses, and we may imagine with what anxiety the parson's choice was looked for by clerk and congregation if his sermons were dull and dry.

In the sixteenth century ironwork stands were fitted for the reception of the hourglass, some of which were very elaborate in design and of costly materials. They lingered in country churches for many years, but ceased to be in general use after the Restoration.—Pearson's Weekly.

An Honored Chinaman.

Queen Victoria, with the prince consort and her family, attended in state the opening of the great exhibition of 1851. While the choir was singing the "Hallelujah Chorus" a Chinaman superbly robed suddenly emerged from the crowd and prostrated himself before the throne. No one knew who he was. He might be the emperor of China himself come secretly to England to share in the great doings. The lord chamberlain, greatly perplexed, applied to the queen and the prince for advice and instructions. He was informed that there must be no mistake as to the stranger's rank and that it would be best to place him between the archbishop of Canterbury and the Duke of Wellington. In this position of honor the Chinaman, with magnificent dignity, walked through the buildings to the delight and amazement of all who watched. Next day it was discovered that he was the keeper of a Chinese junk which had just cast anchor in the Thames and which everybody was invited to visit on payment of a shilling a head.

As She Understood It.

A pretty rosy cheeked country girl entered one of our large department stores. It was bargain day, and the crowd was greater than usual. She had wandered about from floor to floor, a little bewildered at the magnitude of the establishment, the largest she had ever seen.

Seeing her, a floorwalker approached and said, "Is anybody waiting on you?"

"Yes, sir," said the girl, blushing to the roots of her flaxen hair. "He's outside; he wouldn't come in."—Philadelphia Ledger.

Deadly Serpent Bites

Are as common in India as are stomach and liver troubles with us. For the latter, however, there is a sure remedy, Electric Bitters, the great restorative medicine, of which S. A. Brown of Bennettsville, S. C., says: "They restored my wife to perfect health, afteryears of suffering with dyspepsia and chronically torpid liver." Electric Bitters cure chills and fever, malaria, biliousness, lame back, kidney troubles and bladder diseases. Sold on guarantee by all druggists. Price 50c.

For a Change.

There was good talk at a tea party given once at the observatory of Cambridge, England. Sydney Smith was there, and although he took the wonderful work of the place seriously he had a light manner of expressing himself. The party had been led up to look at Jupiter, and this was his comment:

"Jupiter? If you hadn't told me I should have taken it for a bad shilling."

"Where is Sir John Herschel?" asked one of the guests.

"He is at Cape of Good Hope," said the astronomer, Airy. "He was ordered there to observe the stars of the southern hemisphere."

"Ah!" said Sydney Smith. "I suppose you astronomers, when you are ill, are advised to change your stars just as we ordinary mortals are told to change our air."

Death From Lockjaw

Never follows an injury dressed with Bucklen's Arnica Salve. Its antiseptic and healing properties prevent blood poisoning. Chas. Oswald, merchant, Rensselaerville, N. Y., writes: "It cured Seth Burch, of this place, of the ugliest sore on his neck I ever saw." Cures cuts, wounds, burns and sores. 25c at all drug stores.

BOMB FIEND TAKES LIFE.

His Arrest Imminent—Murdered Officer, Then Killed Self.

Madrid, June 5.—The capture and suicide of Mandel Morales, of Torre De Ardos, the chief suspect in the bomb outrage against the King Alfonso and Queen Victoria adds another dramatic chapter to the incidents surrounding th eroyal wedding. Morales

GENERAL WEYLER.

Who Was Injured by the Bomb Explosion at Madrid.

was recognized in the little town of Torre Jon De Ardos, midway between Madrid and Alcala.

A guard sought to detain him but Morales, drawing a revolver, shot the guard dead. Then he turned to flee, but a number of inhabitants of the town were upon him and turning the revolver upon himself he sent a shot in the region of his heart, expiring a few minutes later.

Senor Cuesta, proprietor of the hotel from the balcony of which Morales threw the bomb viewed the body and completely identified it as that of his recent guest.

Soldiers Oppose Canned Meats.

Macon, Ga., June 5.—Letters received in Macon from South Africa indicate that the American canned meats are not palatable to the soldiers in that country, and it is claimed that the government is being petitioned to cancel all contracts that are now in existence for having it supplied to soldiers. There is nothing to indicate, however, that the recent agitation against the meat trust methods in America has anything to do with the situation in South Africa. This is only an inference.

Young Woman Drowned.

New York, June 5.—One young woman was drowned and three others were dragged out of the water unconscious and hurried to the Washington Heights hospital early Monday as a result of the capsizing of a small dory that had been put off from the steam yacht Diana, owned by a Dr Halgren in the North river opposite Eleventh street.

There Are Few

People who know how to take care of themseles—the majority do not. The liver is a most important organ in the body. Herbine will keep it in condition. V. C. Simpkins, Alba, Texas, writes: "I have used Herbine for chills and fever, and find it the best medicine I ever used. I would not be without it. It is as good for children as it is for grown up people, and I recommend it. It is fine for la grippe." Sold by W. M. Johnson.

Woman Held for Man's Death.

New Orleans, La., June 15.—Joe Picou who kept a saloon and barroom at the corner of Sixth and Laurel streets, was shot and killed in his home at 6 45 p. m. Sunday. The wound is on the left side of his head, and as the weapon was not found, the police doubt the suicide theory advanced by Mrs. Picou. She is being held pending an investigation.

Wadras Occupy Post of Honor.

Madrid, June 5.—The post of honor at the review at Carabanchel camp on Monday was occupied by the Wadras regiment to which belonged the officers and privates who were killed by the explosion May 31 of the bomb hurled at the king and queen of Spain. The sovereign and the Wadras regiment received ovations.

The Fretful Porcupine.

In the woods of Keewaydin there once roamed a very discontented porcupine. He was forever fretting. He complained that everything was wrong, till it was perfectly scandalous, and the Great Spirit, getting tired of his grumbling, said:

"You and the world I have made don't seem to fit. One or the other must be wrong. It is easier to change you. You don't like the trees, you are unhappy on the ground and think everything is upside down, so I'll turn you inside out and put you in the water."

This was the origin of the shad.—Ernest Thompson Seton in Century.

Wellington on Napoleon.

Wellington's judgments of men and history are singularly just and correct. He used few words and never fenced his meaning about with qualifications. When Lord Ellesmere mentioned a certain writer's low opinion of Napoleon the duke replied: "Napoleon was the first man of his day on a field of battle and with French troops. I confine myself to that. His policy was mere bullying, and, military matters apart, he was a Jonathan Wild."—London Review.

A Happy Mother

Will see that her baby is properly cared for—to do this a good purgative is necessary. Many babies suffer from worms and their mothers don't know it—if your baby is feverish and doesn't sleep at night, it is troubled with worms. "Now," said the professor, "suppose you had been called to see a patient with hysterics—some one, for instance, who had started laughing and found it impossible to stop—what is the first thing you would do?"

"Amputate his funny bone," promptly replied the new student.—Houston Post.

The Great Drawback.

Ancient Rome

Is now merely a memory of the past. Ballard's Snow Liniment is the family liniment of the twentieth century. A positive cure for rheumatism, burns, cuts, sprains, neuralgia, etc. Mr. C. H. Runyon, Stanberry, Mo. writes: "I have used Snow Liniment for rheumatism and all pain. I can't say enough in its praise." Sold by W. M. Johnson.

Another Name For It.

"And now," said the inquisitive person who had been asking all sorts of impertinent questions of the raw-boned mountaineer who sat at his cabin door smoking a corncob pipe—"now I will explain to you why I have been so inquisitive. I am a sociologial investigator and I am doing this in the interest of science and humanity."

"Haow things do change!" remarked the mountaineer as he leisurely stretched himself. "Whenst I were a boy we called you kind o' people dern snoop nosed meddlers."—Baltimore American.

A Way the Baby Has.

"Has the baby had the measles yet, Mr. Popps?"

"Sh-sh! Don't speak so loud. Whenever he hears anything mentioned that he hasn't got he cries for it."

Ruskin's favorite adverb was "entirely." Over the grave of his father he put a memorial stone describing the elder Ruskin as "an entirely honest merchant."
